## CHECK-IN WITH YOUR MENTAL HEALTH

An opportunity for youth to share their experiences and viewpoints about mental health, the effects of COVID-19, systemic racism, school and community, and what you would like to see in a mental health education program.

 Recruiting youth 14-17 years of age who identify as Black/African-American, Latinx, or Multi-Racial (with

at least one of your identities as Black/African-American or Latinx).

- Must live and attend high school in South LA.
- Participate in a 1-1.5-hour virtual focus group with other youth and be compensated with a S20 e-gift card.

Research study in collaboration with Charles R. Drew University of Medicine and Science and the Martin Luther King Jr. Center for Public Health's Community Healing and Trauma Prevention Center.
